

UNITED STATES GOVERNMENT **CONFIDENTIAL**

# Memorandum

TO : Director of Training

DATE: 5 June 1970

FROM : Chief, Career Training Program

SUBJECT: Weekly Activities Report

1. We have received a copy of [REDACTED] Memorandum for the Record advising that the CTP Ceiling and Average Employment figures for FY 1972 have been set at 100 and 90, respectively. Achieving a ceiling of 100 on 30 June 1972 is distinctly possible, but an AE of 90 for the entire fiscal year is going to create real problems, I believe. Our projected AE of 109 for the fiscal year already has provided for a reduction of the post-training attachment period from one year to nine months. In order to achieve an AE of 90 we are going to have to cut another four months per Career Trainee from the cycle. Where it can be done without negating the Program is a moot question.

2. The Staff is now turning its attention to means for obtaining and collating feedback information in two areas -- 1) former trainees' views on relevance of training to actual job responsibilities and, 2) performance/advancement records of former trainees as possible sources of guidance for the selection of future junior officers.
